Carbine Resources Limited (Carbine; ASX code: CRB) is pleased to announce further significant gold intercepts from its RC drilling program at Red Dam (100% Carbine), 45km north-west of Kalgoorlie, Western Australia.

Assay results have now been received for the remaining drill holes with best results of:

- **14 metres at 8.27 g/t gold** from 97 metres
- **18 metres at 4.88 g/t gold** from 76 metres
- **10 metres at 5.29 g/t gold** from 138 metres
- **9 metres at 5.73 g/t gold** from 49 metres
- **2 metres at 15.40 g/t gold** from 127 metres
- **8 metres at 4.85 g/t gold** from 85 metres
- **6 metres at 4.75 g/t gold** from 170 metres
- **9 metres at 3.22 g/t gold** from 111 metres
- **9 metres at 2.40 g/t gold** from 106 metres

These results are additional to those announced on 12 June 2007, which included:

- 5 metres at 44.07 g/t gold from 32 metres
- 6 metres at 8.05 g/t gold from 47 metres
- 10 metres at 4.45 g/t gold from 111 metres

Chairman and CEO Rob Brierley said "We are very encouraged with the results from this drill program. The latest results from Red Dam highlight the potential of the area and vindicate our decision to increase our tenement holding in the district through the West Kalgoorlie JV with Cazaly Resources."
